MEMORANDUM FOR: Deputy Director of Security (I & S)

SUBJECT: Sterile Telephones

1. In the light of our recent experience with a sterile telephone in use by this Project, I wonder if it might not be a good idea to ask your office to make a check on the other sterile telephones in use by this organization. I would assume this check would indicate the presence of any audio-surveillance device.

2. The numbers about which we are concerned are the following:

1. Rub. Q4542
2. Opas.
- 3 EK

3. Please let me know if you feel that this request for a periodic check of this sort is appropriate or not.
